Josh Serfass is the Director of Corporate Development at VRIFY Technology Inc. and former Executive Vice President of Corporate Development and Investor Relations at Integra Resources Corp. He was a key member of the team at Integra Gold Corp. that grew, developed, and sold the past producing Lamaque Mine in Val-d'Or, Québec to Eldorado Gold for C\$600 million in 2017.

Passionate about rethinking the future of mining, Josh helped spearhead industry-leading innovation initiatives, including the **2016 Integra Gold Rush Challenge** and the **2017 #DisruptMining Challenge**, both designed to drive technological disruption and new ideas in the mining sector.
